

LESSON PLAN

Subject: ICT

Topic: How to set up Wordpress blog PART 2

Age of students: 15/16

Language level: B1

Time: 45 minutes

Content aims:

After completing the lesson, the student will be able to:

Describe the use of blogs.

Explain what the difference between blog page and blog post is.

Illustrate what are the uses of blog page and blog post.

Demonstrate how to create his or hers own menu.

Create his or hers own page.

Write his or hers Wordpress post.

Language aims:

Explain what the difference between blog page and blog post is.

Discuss what pages he or she thinks should be on every blog.

Pre-requisites:

Pupils have learned about using browsers.

Each pupil has installed his own Wordpress and his selected Wordpress theme in previous class.

Materials:

Materials needed:

Computer or tablet computer for each pupil.

Wi-fi network for pupils to use during practical part of this lesson.

Assessment:

The pupils are to be assessed based on their participation in activities.

The writing task in pupils first blog posts are to be assessed as a writing skill

task. Assessing writing task:

1 Little organization is apparent; the task has little structure and the argument is poorly developed.

2 Some organization is apparent; the task has some structure, although it is not sustained. The argument has some development.

3 The task is organized, and the structure is generally coherent. There is some development of the argument.

4 The task is well organized; the structure is mostly coherent and the argument is clearly developed.

5 The task is effectively organized; the structure is coherent and the argument is effectively developed.

Procedure steps:

1. Do a short repeat of previous lesson and discuss with pupils on what you did together last time.

2. Explain to pupils what the difference between blog post and blog page is.

3. Discuss with pupils what pages they think should be on every blog.

4. Teacher demonstrates how to create pages and how to create menu for our blog.

5. Exercise 1

Pupils create menu for their blog. After that they create following pages: Contact and About us.

6. After exercise 1 teacher shows students how to install plugins and helps pupils do the same, install plugin for photo gallery.

7. Exercise 2

Pupils have installed plugin for photo gallery and now they create a page Gallery and add some photos of them selves on it.

8. Teacher shows pupils how to create their first Wordpress post.

9. For the rest of duration of class pupils have to write their own first blog posts that will afterwards be assessed as their writing task
