

# Internship in Ubeda

Project realised as part of PO WER program by ZSEIL from Warsaw in partnership with euromind in Ubeda

# Hola!

That's us!

# **Our workplaces**

Information about our workplaces

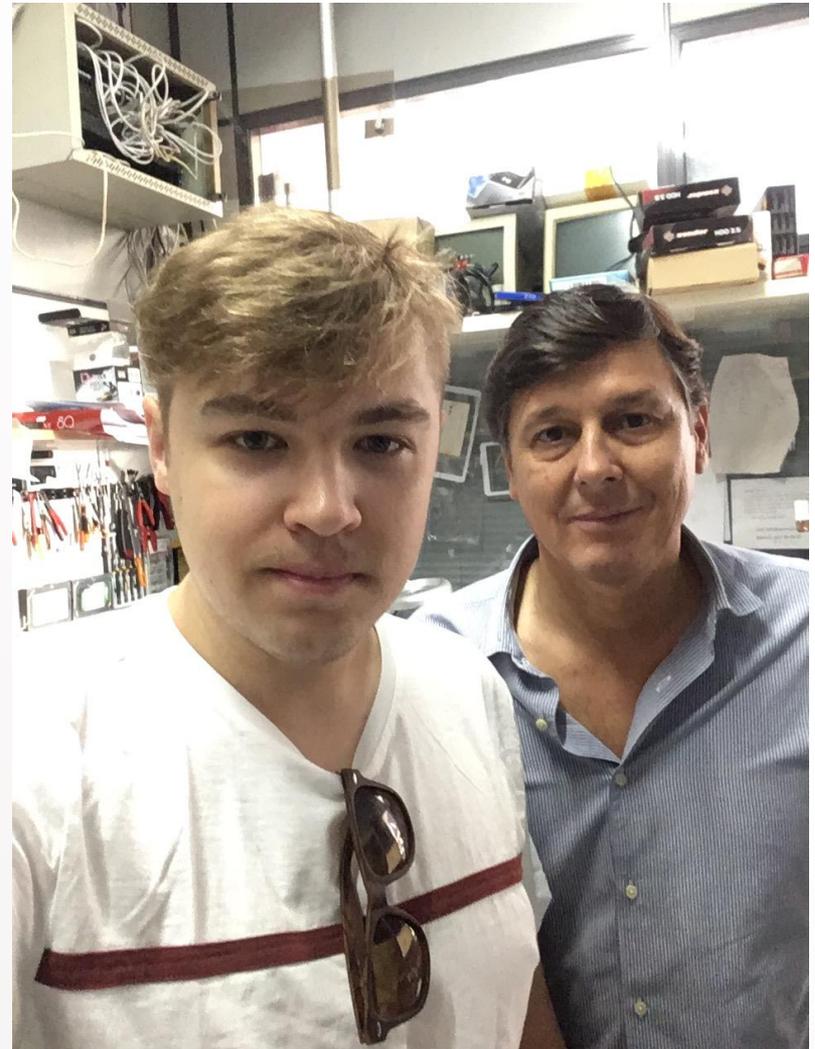

# Kamil Dabkowski, Bartek Biernacki

We were working in artifactum. In our company we get experience in web designing. Our tasks were recreating websites and adding new contents on them. Achieved skills will help us in future work.

## Przemysław Bartecki

I was working in Datachip Informatika. My tasks were fixing all types of electronic devices like computers and printers and installing software. I gained a lot of experience which will help me in the future.

# Pawel Kaczmariski

Hi, My name is Paweł and I'm working In CyberWorld Moviles. My profession is a informatic. At work I usually check, repair or install some operating systems on computers. Sometimes I also help In repairing phones or gaming consoles. The best thing that I like is atmospere. Everyone helps each other. These practices I will remember for a long time.

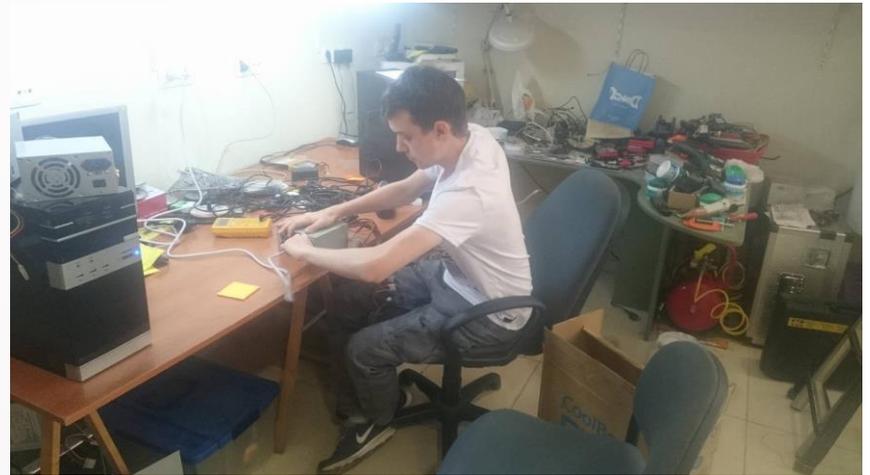

# Lucas Kirylak

I was working at Ofimueble. At work I was repairing and diagnosing computers, laptops and servers, installing a variety of operating systems and testing computer components. I've gained a lot of experience in good atmosphere.

# Krzysztof Kowalik

Hello my name's Chris. I was working in Dynamic. My tasks were repairing and replacing parts in computers, grouping and sorting parts and finding broken pieces of electronic devices.

# Kamil Borkowski

Hello, my name is Kamil and i worked at Datamac Informatica located near Carrefour, which is one of 2 Datamac shops in Ubeda. My work was mainly comprised of phone and laptop repair and disassembly, installing software and making data backups. And since both Datamac shops are in proximity to each other there was a lot of cooperation between the two mostly in form of exchanging computer parts. I feel like i gained a lot of experience in that job and I'm sure it will help me in the future.

# Rafał Michaluk

Hello, I am Rafał. I was working in Datamac Informatyka. I was checking electronics devices taking them apart and fixing them. I was also mounting some devices in people's homes.

# Patryk Rosinski

I'm Patrick I'm working in dynamic. Dynamic is an IT shop created by Manuel. In my job I'm doing a lot of things. Repairing PCs, installing windows and drivers. Sometimes we are going to our client by the car to repair something in his house. I'm happy that I worked in Dynamic I learned a lot of things about repairing computers and laptops.

# Patryk Karabin

Hello, I'm Patrick and I'm electronic. I'm working in Dynos Tiendas Informatica. My tasks are fixing computers, laptops and printers. Sometimes I'm installing new operation systems and new applications. I'm really happy that I'm working in Dynos Tiendas Informatica because I'm learning a lot of useful tasks.

# Maciej Adamek

Hi, my name is Maciek.  
I was working in Icesur which is leader of electronic, music and computer staff in Ubeda. At work i was taking experience with installing electronic systems and TV systems.  
During 4 weeks I improved my knowledge about electronic and spanish culture.

# Piotr Malicki

Hola! My name is Piotr and i was working in Cyber world moviles. During the practise i was repairing, assembling and disassembling mobile phones, laptops and game consols. Also i could watch how coworkers use high- tech during more complicated repairs. Im very pleased with how practise went and with whom I was working at

# Marcin Duda

Hi, my name's Marcin, I worked in Espanav Audio, a car audio company, my main job was to help with the replacement and installation of amplifiers, speakers, radios, and all parts of it. In Espanav Audio I liked the possibility of mutual learning with the people I worked.

# Daniel Duszak

My name is Daniel and I'm apprentice in Automecanica Yerpes. This company repairs cars of all type, no matter if it is family car or truck. I'm happy to be a part of this company. Thanks to them I learnt many about mechanics and car electronic

# Bartłomiej Tyminski

Hello, my name is Bartek. I was working in EuroTaller, mechanic garage in Ubeda. My tasks were repairing cars and trucks and also checking electronic systems in cars.

# Spanish lessons

Durante el tiempo que hemos participado en las clases de español. Nuestra profesora era Mónica, una de las coordinadoras de nuestro proyecto. En las clases nosotros veíamos películas y escuchábamos música. Ese método de enseñanza nos divirtió mucho. También hemos aprendido muchas frases útiles que nosotros podríamos usar como por ejemplo pedir cualquier cosa para beber o preguntar a alguien por direcciones.

## Summary

We are very happy that we had a possibility to come here. It was a big pleasure to meet you all. Our practises gave us a lot of experiences and trips to Malaga and Sabiote gave us knowledge about spanish culture. We would like to say thank you to everyone who took care of us.

# Gracias!
